

PROTOCOLS FOR RESPONDING TO A PUBLIC HEALTH EMERGENCY INVOLVING A COMMUNICABLE DISEASE FOR THE RED HOOK CENTRAL SCHOOL DISTRICT

ACTIVATION

These protocols have been developed to respond to a public health emergency. Directive shall come from New York State Education Department, New York State Department of Health, Dutchess County Department of Health, or other appropriate agency for this protocol to be activated.

PURPOSE:

This document has been developed in accordance with the amended New York State Labor Law section 27-c and New York State Education Law 2801-a paragraph 2(m) (as amended by section 1 of part b of chapter 56 of the laws of 2016). These laws were amended by the passing of N.Y. State Senate, S8617B, 2019 Leg., and N.Y. State Assembly., A10832, 2019 Leg. on 9-7-2020 that requires all public employers to adopt a plan for operations in the event of a declared public health emergency involving a communicable disease. The plan includes the identification of essential positions, facilitation of remote work for non-essential positions, provision of personal protective equipment, and protocols for supporting contact tracing.

PROTOCOLS

Requirements of the regulation are in red.

Tables and boxes in black are for entry of the actual plan components.

DEFINITIONS

Essential shall refer to a designation made that a public employee or contractor is required to be physically present at a work site to perform his or her job. (S8617/A10832 section 1(d), NYS Labor Law Section 27-c (1)(d)).

Non-essential shall refer to a designation made that a public employee or contractor is not required to be physically present at a work site to perform his or her job. (S8617/A10832 section 1(e), NYS Labor Law Section 27-c (1)(e)).

Communicable disease shall mean an illness caused by an infectious agent or its toxins that occurs through the direct or indirect transmission of the infectious agent or its products from an infected individual or via an animal, vector or the inanimate environment to a susceptible animal or human host.

(S8617/A10832 section 1(f), NYS Labor Law Section 27-c (1)(f)).

Personal protective equipment shall mean all equipment worn to minimize exposure to hazards, including gloves, masks, face shields, foot and eye protection, protective hearing devices, respirators, hard hats, and disposable gowns and aprons. (S8617/A10832 section 1(a), NYS Labor Law Section 27-c (1)(a)).

TELECOMMUTING PROTOCOLS

Telecommuting Protocols (S8617/A10832 Section 3-b & NYS Labor Law Section 27-c (3)(b))
 Listing of Non-essential position titles and contractor titles who will need to tele-commute along with equipment deemed essential to their role.

Non-essential shall refer to that employee who is not required to be physically present at a work site to perform his or her job and may perform his or her job remotely. There may be some staff who will not be able to telecommute nor will they be able to work on campus. The need for these staff will be determined on a case-by-case basis and by job title.

1. Red Hook CSD Information Technology Department has protocols in place to allow most employees to work remotely as determined by the Superintendent, Assistant Superintendent and departmental supervisors. Equipment will be issued on as needed basis after the appropriate administrator makes a formal request to the Director of Information Technology. Below is the listing of non-essential personal who have been identified as needing equipment.

Non -Essential Position Titles	Equipment assignment		
	Phone	Laptop	RSA
Building Administrator	X	X	
Business office off site	X	X	X
District Administrator	X	X	
IT off site	X	X	
Nurse	X	X	
Support Staff - administrative		X	
Teacher		X	
Related Service Providers		X	

Downloading and installing software and data.

At Red Hook CSD, any equipment that is assigned to a staff member is preloaded with the appropriate software for that position. In addition, staff is encouraged to share documents using Microsoft Office Suite. Some staff will be issued RSAs and a VPN as needed, to allow for access to the departmental files and programs. The appropriate administrator identifies the need for an RSA and VPN. The Director of Information Technology or their designee, and an Assistant Superintendent, will review this request, prior to the issuance of the RSA and VPN.

Transfer of phone lines to work or personal cell phone.

Voicemail messages left of the Red Hook CSD phone system will be delivered to employees' email in the form of a WAV file. Voicemail boxes can be managed remotely by calling in and accessing the mailbox with a user code.

STAGGERING OF WORK SHIFTS

Description of how the employer will stagger work shifts of essential employees and contractors to avoid overcrowding on public transportation and at work sites. (S8617/A10832 Section 3-c & NYS Labor Law Section 27-c (3)(c)).

Overcrowding of public transportation is not an issue because staff use personal vehicles to commute to work. Red Hook CSD will have several options to comply with this requirement.

- If necessary, we use the pre-determined cohorts to stagger and alternate workdays. Depending upon the situation, RHCSO may be 25% or 50% capacity following guidance from the NYSDOH and the Governor's Office.
- If necessary, we will limit the number of staff reporting to a skeleton crew to maintain the integrity of operations and facilities.

PERSONAL PROTECTIVE EQUIPMENT

A description of the protocol the employer will implement in order to procure the appropriate personal protective equipment for essential employees and contractors, based upon the various tasks and needs of such employees and contractors in a quantity sufficient to provide at least two pieces of each type of personal protective equipment to each essential employee and contractor during any given work shift over at least six months. Such description shall also include a plan for storage of such equipment to prevent degradation and permit immediate access in the event of an emergency declaration. (S8617/A10832 Section 3-d & NYS Labor Law Section 27-c (3)(d)).

Plan to procure PPE

PPE will be purchased using the BOCES bid process, when possible. Otherwise, any reliable source of PPE will be contacted for availability and orders that fulfill the table below will be placed. F&O Staff in conjunction with the appropriate departments will work together to find reliable sources.

Duplicate orders will be placed if there is a potential issue with supply chains.

Minimum PPE Required

Minimum two pieces of each type of PPE for each essential employee and contractor over at least 6 months (26 weeks).

Face Shields	Annex
Gowns	Annex

PROTOCOL FOLLOWING EXPOSURE

A description of the protocol in the event an employee or contractor is exposed to a known case of the communicable disease that is the subject of the public health emergency, exhibits symptoms of such disease, or tests positive for such disease in order to prevent the spread or contraction of such disease in the workplace.

Such protocol shall also detail actions to be taken to immediately and thoroughly disinfect the work area of any employee or contractor known or suspected to be infected with the communicable disease as well as any common area surface and shared equipment such employee or contractor may have touched, and the employer policy on available leave in the event of the need of an employee to receive testing, treatment, isolation, or quarantine.

Such protocol shall not involve any action that would violate any existing federal, state, or local law, including regarding sick leave or health information privacy. (S8617/A10832 Section 3-e & NYS Labor Law Section 27-c (3)(e)).

Communicable disease definition - (S8617/A10832 Section 1-f & NYS Labor Law Section 27-c (1)(f)).

We will follow current guidance from the Centers for Disease Control and Prevention (CDC) as well as state and local Department of Health guidelines.

For example:

1. All employees are instructed to complete self-screening before arriving at work each day.
 - A. If they answer “No” to all questions, they pass and may report to work.
 - B. If they answer “Yes” to any question, they fail and must not come to work and must contact their immediate supervisor.
 - C. The HR department contacts each employee who does not pass the screening tool questionnaire. They get further information regarding the reason for the failing response.
 - D. Our district Pandemic Coordinator reviews all failures and makes a determination. If there is a health concern, the employee is asked to follow posted NYSDOH protocols and procedures.
2. If an employee begins to experience symptoms related to the current pandemic, after arriving at work, they have been instructed to go out to their car or a designated isolation room within their building and to contact their supervisor for further instructions.
3. Supervisors will use the urgent response protocol to this change in status to determine their immediate course of action.
4. After the employee leaves the area, their workspace is closed off until it can be cleaned. An effort is made to identify any spaces that they may have entered and these are also closed off until cleaned. Surfaces will be disinfected with products that meet EPA criteria for use against the virus in question and which are appropriate for that surface.
5. ANY building occupants who have been exposed to that person may be identified as a contact and current DOH guidelines will be followed.

DOCUMENTATION

A protocol for documenting precise hours and work locations, including off-site visits, for essential employees and contractors. Such protocol shall be designed only to aid in tracking of the disease and to identify the population of exposed employees and contractors in order

to facilitate the provision of any benefits which may be available to certain employees and contractors on that basis.

(S8617/A10832 Section 3-f & NYS Labor Law Section 27-c (3)(f)).

Sign-in sheets will be located at each building entrance. Employees are to record the time they arrive and leave each day. Visitors to campus are prohibited unless they are conducting essential business and are scheduled and approved in advance by the Superintendent or designee.

EMERGENCY HOUSING

A protocol for how the public employer will work with such employer's locality to identify sites for emergency housing for essential employees in order to further contain the spread of the communicable disease that is the subject of the declared emergency, to the extent applicable to the needs of the workplace.

(S8617/A10832 Section 3-g & NYS Labor Law Section 27-c (3)(g)).

Emergency housing for essential workers is not normally needed for school employees. If needed, the district will arrange for emergency housing for essential employees based on the employees' individual needs.
