**Members Present: Brian Boyd, Jen Quinn-Carl, Cindy Flamenhaft, Lucy Wilson  
Absent: Kelly Jones**

**Minutes called to order at: 3:30**

**Old Business:**

**STEAM DAY UP-DATE: 10:00-10:35: Sky Hunters in Flight**

**Robotics Demo: 2:30-3:00**

**Grade level leaders will coordinate with teachers to discuss the final plan.**

**There was great participation regarding the Arbor Day contest. The 3-5 art contest also had great participation.**

**Students enjoyed our first field trip to our beautiful auditorium. Students listened to music about kindness and the importance of helping each other out. (Jared Campbell) Dr. Boyd is hoping to expand the reimagining and rethinking Red Hook group. He would like to expand the group and discuss the next steps on the technology front, STEAM Innovation Center, future assemblies and planning.**

**5<sup>th</sup> grade student council will continue to work with Dr. Boyd to plan celebration and end of year activities.**

**New Business:**

**A group of about 15 people went to Washington D.C to look at graduate profiles. Dr. Boyd walked away from D.C. feeling like we are doing great! We want our space to scream Innovation! Our building is in pretty good shape.**

**Our group can go in any direction. Maybe our focus will be how we use that space and incorporate the raider profile. How do we bring the raider profile into life in our classroom? Maybe superintendent's conference day? Maybe through APPR? Raider profile recognition? Maybe a recognition wall? Town halls? A month at a time to collaborate.**

**In what ways through the students' experience can they be recognized?**

**A roll out at the next faculty meeting. For October we will put together a Raider wall. How do we share and bring it to life in our classrooms or in the Steam Room?**

**We need to create a teacher form. Once a week do something for a different child. (Photos) Recognition, celebration could be in the classroom. We need some "catchy" phrases.**

**Town hall kick-off! Announcement/horse**

**Third grade will dedicate 10-15 minutes every day to practicing handwriting, math facts, and reading.**

**Next Meeting: October 3<sup>rd</sup>**

**Facilitator: Jenn Quin -Carl**

**Recorder: Lucy Wilson**
