SUBJECT: RED HOOK RAIDER PROFILE

Responsibility for the education of each student is shared by the families, schools, and community organizations and can best be realized through a concerted effort of all parties involved.

The Red Hook Central School District developed a Raider Profile with attributes the District believes all students should aim to acquire by the time they graduate high school. Students will engage in local and global civics while embracing diversity and challenging inequities. Students will think critically and problem-solve while tending to the physical and emotional health of others. Students will create and innovate while demonstrating empathy and compassion. And lastly, students will collaborate and communicate.

The Mission statement of the Red Hook Central School District reads we are a welcoming and diverse community of learners committed to personal growth and caring for others.

The Vision of the Red Hook Central School District reads we seek to empower each individual to embrace today and navigate the possibilities of tomorrow.
