Student Teachers

College students may be permitted by the Board of Education, upon the recommendation of the Superintendent, to complete the requirements of practice teaching in the Red Hook Public School.

If at any time during the student teaching period it is found that the student would gain from a different kind of experience in a different situation, the student teaching period may be terminated by the Superintendent, upon the recommendation of the Principal.

The Superintendent may accept administrative interns who indicate administrative potential for special assignments under his direction, providing that such can be done without harm to the normal functioning of the school systems.
