

RED HOOK CENTRAL SCHOOL DISTRICT

POLICY # 8100

Safety Program

Each building principal is responsible for promoting a safety program within his or her building. The Administrative Assistant to the Superintendent shall coordinate district-wide programs. The program should incorporate the following objectives:

1. Accident prevention through adequate and effective supervision of student activities while educating students to develop good safety habits;
2. fire prevention by avoiding careless misuse of materials;
3. Prevention of boiler explosions through proper maintenance and inspection procedures;
4. Prevention of burglary, robbery, and theft through provision of proper controls and safeguards related to equipment and money.

Note: Prior manual, Section 8503.01 - revised

Approved BOE: 12/21/89
