

RED HOOK CENTRAL SCHOOL DISTRICT

POLICY # 8110

Building and Grounds Inspection

The Board of Education shall annually inspect school facilities. Each building principal, or designated representative, shall frequently inspect the school premises using a safety check-list to note all potential hazards and risks. He or she shall then take the appropriate action to immediately remove any hazards and risks.

School Facilities shall be inspected in accordance with Section 155.3 of the Commissioner of Education, Fire and the Asbestos Hazard Emergency Response Act of 1986.
