

# RED HOOK CENTRAL SCHOOL DISTRICT

POLICY # 8412
---------------

## Pick-Up Points

Bus drivers must pick-up students at regularly designated stops. They must not allow a student to leave a bus at any unscheduled stop unless the student presents written permission from the school administrative staff. Students must leave the bus at their regularly scheduled stop unless they have a note from their parent or guardian approved by the building principal allowing them to transfer stops or take another bus. The only use of this system is for legitimate child-care transportation.

Transportation from school to work, unless part of a work-study program, is not a legitimate use of a school vehicle.
