

Good afternoon Red Hook Families,

It was wonderful to welcome back our hybrid students to in-person learning this week. The excitement reminded all of us of our purpose and further acknowledged the remarkable children that attend our schools. We appreciate the whole school community adhering to the health and safety guidelines. We will continue to assess our systems and structures and meet weekly with the Dutchess County Department of Health. We also continue to assess our remote and hybrid educational programs.

Attached is the NYSDOH COVID-19 In-Person Decision Making Flowchart for Student Attendance. Families should use this as a guide to determine if they should send their child to school. Please be reminded of the list of restricted states as per the New York State Travel Advisory List:

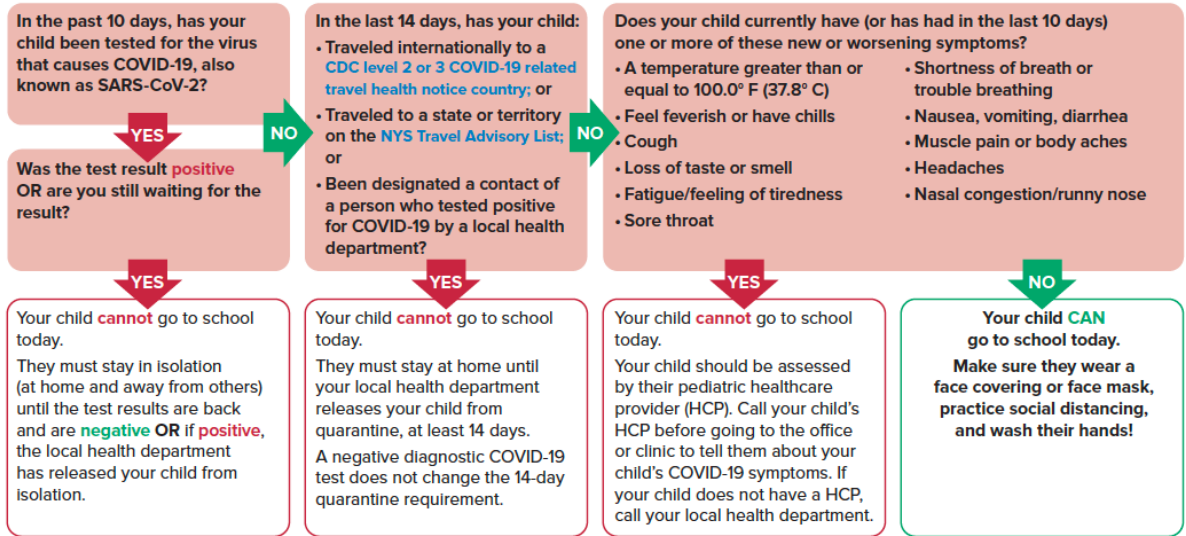

<https://coronavirus.health.ny.gov/covid-19-travel-advisory>. If your child travels to any of the states or territories, they are required to quarantine for a 14-day period from the time of their last contact. If travel is necessary, or your child is experiencing symptoms, please notify the school nurse to help facilitate the flowchart.

As a reminder, our school campuses are closed for public use when school is in session. This includes playgrounds and the track and field. This is to maintain health and safety. We appreciate your cooperation.

I hope you have a wonderful weekend.

Can My Child Go To School Today?

Report absences, symptoms, and positive COVID-19 test results to your child's school.

SEEK IMMEDIATE MEDICAL CARE IF YOUR CHILD HAS:

- Trouble breathing or is breathing very quickly
- Prolonged fever
- Is too sick to drink fluids
- Severe abdominal pain, diarrhea or vomiting
- Change in skin color - becoming pale, patchy and/or blue
- Racing heart or chest pain
- Decreased urine output
- Lethargy, irritability, or confusion
