## Our Mission Statement

The mission of the Red Hook Central School District shall be to develop in its students the knowledge, intellectual integrity, and social consciousness to prepare them to accept the obligations and opportunities found in a complex society. The District seeks to provide a challenging educational environment that fosters and rewards the values of respect, responsibility, honesty, integrity, and community service in all its members.

### **Red Hook High School Awarded Gold Medal in U.S. News & World Report's 2012 Ranking of the Best High Schools**

Red Hook High School has been recognized in U.S. News & World Report's 2012 ranking of the best high schools in America. The high school ranks 38th out of 370 schools in New York State, and 221st out of 21,776 high schools across the nation that made the list. Red Hook High School is one of 68 high schools that received the Gold Award.

### **Red Hook High School Placed on the College Board's Honor Roll for Significant Gains in Advanced Placement® Access and Student Performance**

Red Hook is one of only 367 public school districts nationwide honored by the College Board with a place on the 2<sup>nd</sup> Annual AP® Honor Roll, for simultaneously increasing access to Advanced Placement coursework while maintaining or increasing the percentage of students earning scores of 3 or higher on AP exams. "The Red Hook Central School District has achieved something very remarkable. It managed to open the doors of its AP classrooms to many more students, while also increasing the percentage of students earning high enough AP exam grades to stand out in the competitive college admission process and qualify for college credit and placement," said Trevor Packer, the College Board's senior vice president of Advanced Placement and college readiness.

### **Financial Audits**

The annual external audits have found the district's finances and practices to be in excellent order, as determined by sixteen consecutive clean, unqualified external audit opinions.

### **Moody's High Rating**

Moody's Investor Service has continued the rating on the Red Hook Central School District's general obligation debt at Aa3. Moody's believes that the district's financial position has improved markedly, and reserves will be maintained at healthy levels given conservative budget management and significant operating flexibility.

### **Highly Experienced Business Office Staff**

The strong financial position and the positive audit results that have enhanced the District's ability to pursue its educational mission in recent years are largely the result of maintaining highly qualified and experienced staff working on functions such as Payroll, Personnel, Accounts Payable, Compliance, Purchasing, Tax Collection, Insurance, Banking, and Accounting. The least experienced employee in the business office has over ten years of experience in the position held. The level of experience and expertise of these employees helps to ensure the continued operation of an efficient and effective business office that increases non tax revenues to the District, reduces costs paid by the District, and works to support the educational mission of the District into the future.

### **Projects Supported by the Red Hook Education Foundation (RHEF)**

The Red Hook Education Foundation (RHEF) works to enhance public education for students in our community by funding programs that promote equity and inspire excellence. It is a non-profit organization that engages the support and energies of educators, businesses, citizens, parents, students, alumni, and civic organizations to enhance public education in our community. The Red Hook Education Foundation sponsored the following initiatives in its first year of operation: The Martha Strever Scholarship for Achievement in Mathematics; the garden classroom project at Mill Road School; the middle school and high school debate clubs (a co-venture) with Bard College; and the College and Career Night event for the high school.

## Cooperative Program Activities with Bard College

Bard College is a strong supporter of the Red Hook Central School District and helps provide additional opportunities for our students. Activities include: Debate Club, Citizen Science Days (K-5), Science Fair, Model United Nations, Language Experience Programs, Science Lab Explorations, use of Fisher Center, shared use of athletic facilities for sports and post prom party, Multi-Cultural Club, International Student presentations, and student/teacher invitations to the Bard Thinking and Learning Summer Institute.
