

Quiz Correction Guidelines

Quiz corrections are an available option to all students, not only students who failed a quiz. If you complete quiz corrections, you can earn back half of the points that you lost. For example, if you earned a 60% on a quiz, and you complete quiz corrections, you will then have an 80% for that quiz.

The way to complete quiz corrections is as follows.

- Take a sheet of looseleaf and write your name on the top.
- Write the number of the question you got wrong, and then write the word you did not know **3 times in Spanish and 1 time in English.**
- Complete as many times as needed based on how many questions you got wrong.
- Staple your corrections to your original quiz and return it to me.

Quiz corrections are due no later than one week after the quiz has been returned to the students. For example, if the quiz was returned on Tuesday 9/27, the quiz corrections are due by Tuesday 10/4 at the very latest.

Example of completed quiz corrections:
